**Remarkable Catarrh Cure  
That Gets Right into the  
Affected Parts and  
Stops Gatherings.**

S. S. S. is a Wonder for the Eyes, Nose and Throat.

It is definitely known that catarrh can be cured by the simple process of inoculating the blood with antitoxin remedies that stop inflammatory conditions throughout the mucous lining of all the organs of the body. This is done with the famous Swift's Sure Specific, or as it is also known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, through all the veins and arteries, and enables all mucous surfaces to excrete inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables all pure blood-making materials to enter the system, enters the circulation, and in less than a hour is at work throughout the body in the process of purification. You will soon realize its wonderful influence by the absence of headache and steadily improved nasal condition. For special advice contact the Swift Specific Co., 223 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. from your drug store. Always insist that you want S. S. S. and nothing else. Beware of all attempts to sell you a substitute.

**DANGER AFTER GRIPPE**  
Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, pleurisy, pneumonia are greatly to be feared at this season. To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system. Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly. W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a never caught from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again. Try Vinol with the certainty that if it does not benefit you we will give back your money. Stone and Mercer, druggists, Clarksburg, W. Va. —Advertisement.

## PARTNER

With Chinese Government is  
Standard Oil Company in  
the Oil Business.

Oil is getting to be oil these days, with the supply not equal to the demand, no big pools in sight in the United States and the price \$2.50 and likely to go higher. So no event has occurred for many years of so much interest to the oil industry as the announcement of the proposed development of prospective Chinese oil fields by the Standard Oil Company. The fact that the Chinese government has become a partner with the great oil company is unique in the world's commercial events, but it is a question to be solved in the future. The partnership will not tend to be of as much advantage to the development of the resources of that country and making it one of the world's great trading nations as it will to the American company's business.

**Has Been Fitful.**  
Oil trade with China has been fitful of late years, broken into by rebellions and the disorders of the country. In 1911 that country took about 100,000,000 gallons of American illuminating oil, but in 1912 the amount dropped to 60,000,000 gallons, and in 1914 will not exceed 50,000,000 gallons. This new enterprise on the part of the Standard and the Chinese government means closer trade relations with that great consuming population. Some Big Figures.

In our exports for the last fiscal year refined or manufactured mineral oil figures were \$129,668,995. Some of our other big concerns show similar big figures. The export of manufactures of iron and steel amounted to \$304,035,797, and of hog products to \$114,553,203. These are some of the results of industrial combination. No one of the constituent concerns of the Standard Oil Company, it may safely be assumed, would have attained to a degree of power in capital and in efficiency high enough to attract the attention of the Chinese government and secure this invitation and opportunity. In the denunciation of the sins of trusts it is well to know and then remember the services they have rendered, the contribution they have made to the sum of national wealth.

**BROTHERHOOD**  
Attends Revival Services and  
Enjoys Fine Supper and  
Social Session.

There was a large crowd of men present at the social function of the Brotherhood last night. Owing to the lack of time refreshments were deferred until after the address by the Rev. Mr. Goodwin. The organization marched from the social rooms of the church at 7:45 p. m. up and through the outside corridor and went through the center aisle of the church to the tune of one of "Billy" Sunday's songs. A choir of fifty men headed by Mr. Hiatt led the way. The choir loft was filled and their music filled the whole church with its volume. The Brotherhood quartet sang some special selections. The two main sections reserved for the Brotherhood were nearly filled with men, while the regular congregation sat on the s.d.s and in the galleries. The Rev. Mr. Goodwin preached from the text: "Wilt Thou Be Made Whole?" It was a masterly address and fitted the occasion. The services were a little out of the ordinary because of the Brotherhood feature, but the revival spirit was in evidence. The usual invitation extended was not in vain. Cottage prayer meetings over the city are being well attended. There will be prayer service at the church at 7 o'clock this evening under the auspices of the Brotherhood. Regular services will be held at 7:30.

**HEALTHY WEATHER**  
Is What the Present Winter is  
Regarded by the Various  
Health Departments.

The old-time theory that an open winter is prolific of ill-health seems to be disproved for the present season, in Chicago at least. The winter has been unusually mild, the thermometer on January 28 recording 60 degrees. There was practically no snow throughout the months of December and January. According to the bulletin of the Chicago Department of Health, there has been for the eight weeks ending January 24 a reduction of 29.6 per cent in the pneumonia and a like period for the previous five years; 23.3 per cent in influenza and 7.8 per cent in the rate for tuberculosis. There have likewise been reductions in measles, which dropped 82 per cent; scarlet fever, 54 per cent; diphtheria, 24.2 per cent; and whooping cough, 12.2 per cent. The bulletin accounts for this by the opportunity given by the mild weather for out-door living and better ventilation in living quarters. It is estimated that in the diseases named there has been a saving of 600 lives during the six weeks of December and January for which the comparison was made.

Spain has more sunshine than any other country in Europe. The yearly average is 3,000 hours. In England it is 1,400.

## NOTED LAND SUIT

In Randolph County in the  
Courts Eleven Years is  
Finally Terminated.

ELKINS, Feb. 20.—The famous land suit of Mylius against the Raine-Andrew Lumber Company, which was tried in the circuit court of this county in March, 1911, and resulted in a verdict in favor of Mylius for \$10,500 and \$5,000 acres of virgin timber land, has been affirmed in the supreme court of appeals of West Virginia. The case has an unusual history, having been heard three times in the supreme court and twice in the circuit court of this county. It had been pending eleven years and involved one of the greatest legal battles in West Virginia has ever known. There are many suits pending in the circuit court growing out of this suit and much litigation is expected to be settled by reason of the opinion.

## TWO HOME WOMEN TALKED ABOUT HAIR

Two women met in our store the other day, when one of them said: "My, how pretty your hair looks! What have you been doing to it?" "Why, I have been using Harmony Hair Beautifier for the past two weeks," was the reply. "Why, indeed?" replied the first woman, "that is just what I am using. Isn't it great, and don't you think my hair shows a lot of improvement?" Harmony Hair Beautifier is becoming all the rage among both men and women who are particular in the care of their hair. It is just what it is named—a hair beautifier. It seems to polish and burnish the hair, making it glossy, silky-soft, and more easy to put up in graceful, wavy folds that "stay put." Contains no oil, and will not change color of hair nor darken it. Simply sprinkle a little on your hair each time before brushing it.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This liquid shampoo gives an instantaneous rich, foaming lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. It is washed off just as quickly, the entire operation taking only a few moments. Harmony Hair Beautifier \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7,000 Rexall Stores, and in this town only by Stump & Wilson, 340 W. Main street, Clarksburg, W. Va. —Advertisement.
